

CSE5001 WEB PROGRAMMING HOMEWORK

Homework 01: HTML design with CSS

Due Date: 11.10.2016 – until 23:55.

Details:

In your first homework you are given a screenshot of a web page. Your task is to reproduce the page as closely as possible with HTML (use of external CSS is required).

Submission: You are required to submit all necessary files including html, CSS, images etc. via **CATS**, **not by email!!!**.
HWs sent by email wont be graded.
